To Whom It May Concern

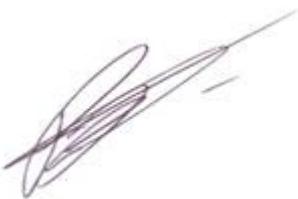

Reference – Col Richards, CRS Geomatics

I write this recommendation for Col and the staff at CRS Geomatics to express my satisfaction with the quality of their work over 2 decades. Col and his team have worked with me on many difficult projects and has continued to support and provide me with very accurate information.

BM Webb have found Col to have good knowledge of surveying and has been very easy to do business with over this time. The ongoing relationship I have with Col is a testament to his work and valuable knowledge.

I have no hesitation in recommending CRS Geomatics on any surveying matters.

Regards
